

LIST OF FULL PAPERS

- ✚ [Characteristic of Chromitite in Igneous Complex along STZ around Moulabhanj - Mathakargola, Orissa, India](#) - *D. Acharya, P. Singh and S. Acharya*
- ✚ [Chromites of India their Textural and Mineralogical Characteristics](#) - *R. K. Sahoo, J. K. Mohanty, S. K. Das and A. K. Paul*
- ✚ [Contrasting Behavior of LPG And PPG Elements: Evidence from Solubility of Ir, Pt and Rh in Fe-Sulfide Melt](#) - *Kamal L. Pruseth*
- ✚ [Contrasting Komatiite Belts, Associated Ni-Cu-\(PGE\) Deposit Styles and Assimilation Histories.](#) - [JGSI-Table 1 Data for Appendix](#) (Excel Link)
M. L. Fiorentini, S. W. Beresford, N. Rosengren, M. E. Barley and T. C. Mccuaig
- ✚ [Controls of Mineralization and Application of Suitable Exploration Techniques for Evaluation of Magmatic Deposit: A Case Study from Sukinda Chromite Deposit](#) – *R. K. Upadhyay, R Mohanty, P. Mallick and T. S. Suresh Kumar*
- ✚ [Exploration for Platinum Group Metals in India- A Status Note](#) - *M. M. Mukherjee*
- ✚ [Genetic Association of Trace Elements With Special Emphasis on Cu, Ni and Cr in the Manganese Ores of Vizianagram District, Andhra Pradesh](#) - *F.N. Siddique and S.H. Bhat*
- ✚ [Geochemistry of Late-Archean Bhavani Mafic/Ultramafic Complex, Southern India: Implications for Pge Metallogeny](#) - *M. Satyanarayanan, V. Balaram, P.J. Sylvester, D. V. Subba Rao, S. N. Charan, Michael Shaffer, Ali Mohammed Dar and K. Anbarasu*
- ✚ [Geochemistry of the Pge Mineralized Petrological Units of the Hanumalapur Segment of the Channagiri Mafic-Ultramafic Complex, Western Dharwar Craton, South India](#) - *T. C. Devaraju, T. T. Alapieti, R. J. Kaukonen, T. L. Sudhakara and K. S. Anatha Murthy*
- ✚ [Indian Chromite Deposits from a Global Perspective](#) - *Ria Mukherjee and Sisir K. Mondal*
- ✚ [Mineral Synthesis and Carbon Dioxide Adsorption on Some Platinum-Group Minerals](#) - *Heikki Miettunen, Risto J. Kaukonen, Tommi Kokkonen, Satu Ojala And Riitta L. Keiski*
- ✚ [Modes of Occurrence of Nickel, Chromium and Cobalt in the Magnetite Ores of Pokphur Area, Nagaland, India](#) - *B. Nayak, A. K. Vaish, S. D. Singh and K. K. Bhattacharyya*
- ✚ [Peculiarities of Analyses of Pge and Gold N Black Shales](#) - *N. Berdnikov, V. Balaram, A. Cherepanov, D. Avdeev, N. Konovalova and G.Sukharulidze*
- ✚ [Petromineragraphy of The Magmatic Rocks from the Andaman Islands, India: Their Potentiality For Cr – Cu – Ni – PGE Mineralization](#) - *R. Dhana Raju*

- ✚ [Platinum Group Element \(PGE\) Exploration Studies in India - An Overview](#) - V. Balaram
- ✚ [Platinum-Group Elements Associated with Chromitites: What the Bushveld Complex has to tell us about how they got there](#) - Tony Naldrett, Judith Kinnaird, Chris Stanley, Allan Wilson¹, Stewart Mcquade and Gordon Chunnnett
- ✚ [Process Mineralogy of Low Grade Chrome Ore Beneficiation Plant Tailings](#) - S.K. Das, R. Mohapatra and R.B. Rao
- ✚ [Sub-Surface Extension of a Low-Grade Copper Deposit, District Mahendragarh, Haryana](#) - A.K. Bajaj and A.K. Malaviya
- ✚ [The Lengshuiqing Ni-Cu Deposit, Sichuan, Sw China: Ore Characteristics and Genesis](#) - Marian Munteanu, Allan H. Wilson, Yong Yao, Gordon Chunnnett, Yaonan Luo and Selina Sibanda
- ✚ [The Melonite-Merenskyite-Moncheite-Michenerite System in the Kevitsa Polymetallic Ore Deposit, Northern Finland](#) - Risto J. Kaukonen
- ✚ [Vanadium Bearing Titaniferous Magnetic Iron Ores in Archaean Mayubhanj Basic Igneous Complex, Orissa, and its Economic Potential](#) - S.K. Das
